DVD cameras, palm-size printers, multi-functional MP3 players—stuff that dreams are made of

## ▲ Sharp AQUOS LC-20B2U TV for your Wall

Sharp AQUOS is one of the thinnest televisions on this planet. It is just 2.5 inches deep and weighs 17.2 pounds. It can be placed on the floor or hung on a wall. This LCD television has high brightness and a 160-degree viewing angle. It comes with a 181-channel cable tuner so you can catch all the channels your cable operator offers.

## ◀◀ Motorola V70 Talk in Style

The V70 will make a snug fit in a child's palm, however the features are advanced enough to make even the grown ups drool. The phone is GPRS-ready and has a micro-browser that allows you to surf the Net. Two outstanding features are its fully rotational, flip design cover and black back-lit display. It also has voice activation dialling and a translucent Motoglo keypad for hassle-free dialling in pitch darkness.

## ▲ Essential Reality P5-E Serious about Gaming

The P5-E from Essential Reality is a glove which offers six axes unlike keyboards and game pads which offer two. P5-E's docking station can be attached to a PC, Mac or any game console that supports a USB interface. The glove has integrated infrared sensors that gather and transfer movement to the docking station, which can be kept at a maximum distance of 4 feet.
