performance. Its scores in the syn-
thetic as well as the real world tests
were pretty impressive. Although its
cost per MB was higher than the other
hard drives in the comparison, its per-
formance value cuts through the other
drawbacks. If you require a sleek drive

that is USB 2.0 ready and does not cost
a bundle, go for the Freecom FHD-1 20
GB drive.

The Best Value Award is taken by

their storage device in tow. With
4,200-rpm speed and USB 2.0 connec-
tivity, this is the ideal drive to lug
around. The package contents include
the IomegaWare CD, the data cables
and a power adapter to fit into the
Indian power sockets—this is an
important inclusion as otherwise this
would be a source of inconvenience.
Costing about 60 paise for each MB,
the drive offers great satisfaction as far
as value for your money is concerned.
The manufacturers provide a one-year
replacement warranty and its attrac-
tive price makes it the best value
winner. ■
