

Sharks are lurking everywhere—either you keep an eye on your data at all times or make sure it's locked up safely

Techniques to secure your data on page 103

Whether you lose data due to hardware crash or human error, having a ready backup will always be invaluable

Turn to page 98 for an easy backup

WATCH

Everyone loses data. If you've got your backups, you can recover the lost files pretty easily

Learn how to restore your backups on page 100
