Great Writer

There was once a young man who, in his youth, professed his desire to become a great writer. When asked to define great, he said, "I want to write stuff that the whole world will read, stuff that people will react to on a truly emotional level, stuff that will make them scream, cry, howl in pain and anger!" He now works for Microsoft, writing error messages.

Modern Prayers

Oh God.....
Help me log on without fretting
Guide me as I'm net surfing
Bless my downloading and uploading
Keep my browser from exploding
May my Web site be protected
Let not my password be rejected
Keep my files always untraced
And may all my images be accepted

Please keep all my programs alive
And do remember to back up my hard drive
And protect my computer from a crashing dice
From a virus that would make it a nesting hive
