WEB SPECIAL

Burning issues

Are buffer underruns the bane of your life? Get over them and optimise your CD-writing process

HIGHLIGHTS

If you are wondering whether you want to buy the current issue or not, check out the highlights of the magazine.

Also, click on Mindware or Playware to check out the software on the CD

BY DEMAND

You get to choose what goes on Digit Interactive. This month, you have chosen:

► **Ringtone Converter 3.7.8** (4.3 MB) for Mindware

► **James Bond 007: NightFire** (147 MB) for Playware

Expect these on the February 2003 CDs

WEB SPECIAL

Virusproof forever

No virus, no Trojan, no worm, no matter how powerful, can get to you if you know how they work and squish them right at the entry point. Or even better, never let the entry point be insecure
