We bring you your horoscope...

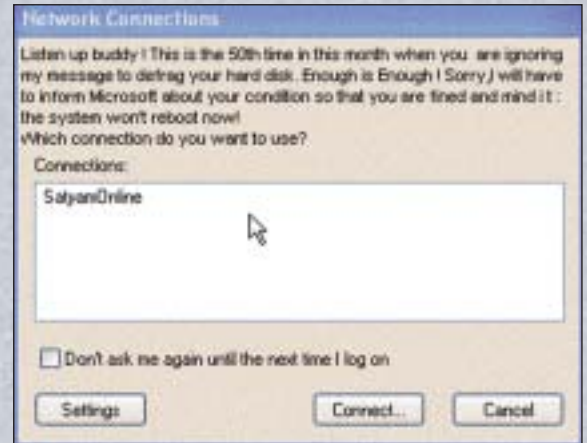

Virgo

August 23 - September 23

Are you sick and tired of being average? Do people say you lack quality? Are you just too lethargic to be able to keep up? Are you tired of not being able to share the XPerience? Well the stars have some more bad news for you, you're outdated and are going to be upgraded into oblivion; destined to be king of the junk yard, or a Linux fileserver.

Your chance to bite back!

Computer Cupids

*Tumse mila main kal toh,
mere dil mein hua ek sound,
Lekin aaj tum mili to kehti ho:
Your file not found!*

*Aisa bhi nahin hai ke,
I don't like your face,
Par dil ke computer mein,
nahin hai enough disk space.*

*Ghar se nikalti ho tum jab,
pehenke evening gown,
Too many requests se,
ho jaata hai mera server down.*

*Tumhaare liye pyaar ki application,
create main karoonga,
Tum usse debug karna,
wait main karoonga.*

*Tumhaara intezaar karte karte,
main so gaya,
Yeh dekho mera connection,
time out ho gaya.*
