PLAYWARE\ARENA

If it's gaming that matters to you, then this is section that you should start off with.

Within Arena, look at the Games section for all the latest and hottest demos. This month we feature *Great Escape*, the well-designed and engaging game based on an Oscar nominated movie. The other big game—*XIII* is based on the Unreal engine, and showcases excellent graphics. This month, we also have *Abashera*, an interesting 3D puzzle game. For all our arcade fans, we have the *Hoyle Games*

Demo, which is a collection of some quality games.

MUST TRY SOFTWARE

Great Escape

This game is based on the 1963 Oscar nominated film starring Steve McQueen and revolves around actual events during World War II. Event locations

include castles, hospitals, POW camps, chase on a moving train and more. Race to freedom as you commandeer jeeps, APCs, trucks and motorcycles in high-speed chases against the armoured might of the German army.
