KEYBOARD CONTROL FOR DESKTOP

Ever thought of browsing your desktop using only the keyboard? Here's how you can do it:

- Press [Windows] + [D] to show the desktop
- Press the [Windows], to bring up the Start menu
- Press [Esc] to make the Start menu disappear, but keep the taskbar active)
- Press [Shift] + [Tab] once to toggle between the taskbar and the desktop. Your desktop will now be active, although you may not notice any visual indication of it
- Press [Down Arrow] to see which desktop icon is active, and continue to use the cursor keys to move to the icon you want to use
- Press [Enter] to run the icon, or press [Shift] + [F10] to see the context menu for that icon
