

CONTENTS

January 2009

21 Cover Story How secure are you?

Beware: enticing email subjects and images could lead your system and security to peril...

49 Feature Where on earth am I?

The answer to that question lies in technology we call GPS...

DIGITAL PASSION

35

Main Story The tech that powered evil

As we recover from the horror of the Mumbai attacks, we are now horrified by another thought: how did this gang get the technological one-up on our forces? And how must the good guys fight them?

39

Main Story Digital rights management

A necessary evil or an evil that's not necessary?

44

Main Story Social engineering

Watch out for those millions of dollars from Nigeria waiting for you...

46

Drool maal

Headphones with bling, a keypad for smileys, and more

DIGITAL TOOLS

54
