Readers' Meet

Coimbatore

The meet went really great, We had 9 of them attending the meet (more than what I expected) and all of them were interested in technology and digit (tough both are synonyms!). We had a really big ice breaking session for almost a little more than half an hour. We shared a lot of things there, Then we started with the discussions of how can we proceed further etc.

-Rajaram S, Coimbatore

Gwalior

Digit Readers' meet held on 26th July in Mcdonald gwalior, we were 7 persons and everyone was eager to meet with other passionate Digit readers. We introduced ourselves and then we talked about Digit, skoar, IT awareness in gwalior and some personal skills. After that we filled our forms and then we took refreshment and then discussed a little more and picked up some goodies and then we met with new friends and great memories - Gwalior
