

AIRCEL

break free

pocket @mail on the go

Aircel introduces Peek, a device designed exclusively for email. It's time to break free from your desk and start emailing from anywhere on the go.

Key features

- Access multiple email accounts like Gmail, Yahoo, Hotmail and even your office email
- It's simple to set up an email account, it just takes 60 seconds
- View attachments like Word, Excel, PDF and any images
- Automatic email delivery using 'Push Mail' technology

Introductory price of **Rs.2999** only.

Walk in to any Aircel store today to experience Peek.
