

# Going Where No Router Has Gone Before

## **XTREME N™** GIGABIT STORAGE ROUTER

Your home connectivity trek ends here. Fast and farther-reaching 11n Wi-Fi connectivity combined with shared storage, safely housed beside your PC in a handsome enclosure. A vivid 3.2" LCD screen provides real-time network status and keeps current news, weather, sports and photos of your computer desktop. Instant USB printer sharing. All in one device. Simply add the drive of your choice. Mission accomplished.
