

Pureview LCD Monitor

Value for Money

Pureview has launched its branded TFT-LCD Monitors in India in technical collaboration with Funet, Taiwan, with its range of LCD monitors from 13.3"/ 14.1"/ 15". Pureview has set up its state of the art manufacturing unit in Sri Lanka with Japanese collaboration in order to ensure quality products. These LCD Monitors are backed by a three-year on-site warranty with 43 service centres across the country. Pureview will be emphasising on 14.1" LCD monitor as

they want to position this model against CRT monitors. This product has some unique features like built-in speakers, wall-mounting facility and 330 degree rotation horizontally. This will be a product of "value for money" keeping the masses in mind.
