

PULSE

The Challenges of e-governance30

E-governance experts on getting technology to streamline the *sarkar*

FEATURES

The End Of Uncertainty34

You dated today, were slapped yesterday, rejected the day before. Will you have a hamburger for lunch tomorrow? Here's how Bayesian technology can help with questions like these!

Banking In Technology42

From any time moolah and Net banking to calling for cash, technology has made banking easy. We take a look

TEST DRIVE

(Ink)Jet, Set, Go...48

into the world of inkjet printers. Here are 14 of them, splashing colour all around

Why Laser?64

..because it gives great prints, saves on money and is a great boon to the office. Take your pick from nine of them

The A-List75

It's all you need in a hardware bargain

INSIGHT

Holiday Escapes86

In the mood to escape from your routine of catching the 8:12 to work, to a place that serenades you? Click here!

This Watch Tells Time.....90

So? Well, it sends you chat messages as well. It also schedules...—yes, yes, it's on page 90

God Speed94

25 minutes to open Photoshop? Not hep at all! Punch in some power into your PC; we tell you how...

Power Up Your Point.....98

...to get the boss's approval at the end of the presentation. Here's how you throw in some pizzaz with sight and sound into them

Lock 'n' Load Linux.....102

..is not that difficult as you may imagine it to be. Well, then don't even imagine. Read on and get locking!

▲ 102 Secure that box!

▲ 42 Vallacome Saar, bank on us!

▲ 90 SPOT me if you can

▲ 48 Ajee huzur, waah (ink)jet boliye!

▲ 86 Ah, let the holidays boss over you!
