KNOW YOUR CD

MINDWARE\CONNECT

The Connect section on your Digit CD brings you some fun reading with Bookmarks and Newsletters.

The Bookmarks section contains a list of sites on a particular subject, along with a detailed description of the sites. You can browse each site by simply clicking the URL. This month we bring some cool sites on popular hobbies. The Newsletters section brings you a collection of newsletters on different topics every month. This month we have some newsletters that keep you updated with new hardware driver releases.

So, if you're looking for some light and interesting reading, this is one section that you don't want to miss.
