

PULSE

Upgrade from Broadband to Dial-up.....32

A Vipul's-eye view of the current status of the broadband market in India

Imagine, all the coders34

We talk to the chosen quartet that will represent India at the Microsoft Imagine Cup 2004

FEATURES

The future is small38

Enter the Nanoworld, and take a peek at what Nanotechnology aims to achieve. Get a feel for the field, and look at current developments

W(hy)i-Fi?44

To wire or not to wire—that is the question. With more and more hotspots coming up around us, is it the world ready to cut its cords?

TEST DRIVE

War of the views...50

The bulkiest component of your PC is also the one you spend the most on, and use most extensively. We grill 17- and 19-inch CRT and LCD monitors to bring the best forward

Zire Fire & Tungsten Zen72

Thinking of making your peers go green with a swanking new PDA at the next board meeting? Look no further—we tell you the one that will inspire the most envy

Spice up your IE84

If you don't use Opera and don't like Netscape, you're stuck with plain IE. Or are you?

INSIGHT

Audio/Video

Entertainment.....120

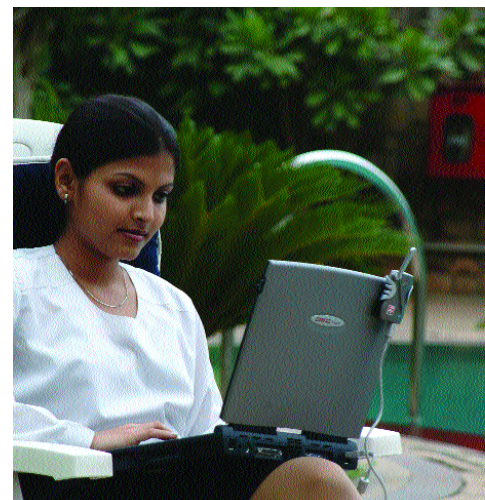

Not at your desk and forgot to lug along your personal audio CD collection? Worry not: there's something known as streaming

Beyond Barcodes.....124

Sick of the long lines at the cash counter, and dreaming of the day when you could just enter, pick your things and leave? RFID promises to make that a reality

Print, Refill, Print 128

If you can't figure out if you should, or how to, refill your printer cartridges, follow us through this Do-It-Yourself workshop

44

Connect to the Internet by the poolside, only with Wi-Fi

Lapsync132

Keep your laptop and PC files in perfect tandem, using only native Windows XP features

For your eyes only133

Safeguard your PowerPoint presentations, Office files or just any other file on your PC

The Daemons Within102

Still wading in mass of instant messengers? Time to check out Jabber and IRC, in a few, simple steps
