

◀◀ **Sony Qualia 010** Sound realism

These high-definition headphones, with a price to match, bring that much-sought realism to sound frequencies exceeding 100 KHz. A porous baffle cuts down all unwanted resonance. The broad leather headband and pressure-dispensing sheepskin ear pads make the Qualia 010 comfortable even over long hours of play.

Price: US\$ 2,600 (approx)

Sennheiser RS 110 ▶▶ No wire...Sounds impressive

With a range of around 100 metres, here's a headset that lets you listen to Mozart as you walk about in the garden, without the hassle of wires. This supra-aural set thrills with detailed sound reproduction. Three selectable RF channels, great bass response and intuitive control elements make for a sound picture.

Price: US\$ 89.95

◀◀ **Sony MDR-G94NC** Stylish and hassle-free

This set snuffs out outside din by a whopping 70 per cent, and uses Neodymium magnets to give you ample sound output. The stylish behind-the-neck headband leaves your hair unruffled, while the cord is tangle-free. Truly made for the glitzy audiophile!

Price: US\$ 69.99
