

M5 Pocket Hotspot

Insert a SIM card, easily share 3G Wi-Fi!

SIM card

2000mAh
(6-7Hours)

3G Mobile Wi-Fi M5350

Equipped with a built-in 3G modem, you can instantly establish a Wi-Fi hotspot simply by inserting a SIM card. The device is compatible with HSPA+/HSUPA/HSDPA/UMTS SIM cards. Its pocket-sized design and powerful 2000mAh internal battery make it an ideal travel companion, allowing you to work or play for up to 6-7 hours on end.
