

Let Google help you find new customers

Google AdWords allows you to be found online by customers who are searching for your products or services by displaying your ad on Google. Get ₹2,000 free advertising credit (when you spend ₹500) and try it out.

How does Google AdWords work?

Just choose the keywords that best describe your business and write a short ad text. Your ad will appear on Google when users search using those keywords, so it will only be shown to potential customers who are interested in your products or services.

What does it cost to advertise with Google AdWords?

With AdWords, you have full control over your advertising costs. There is no minimum contract term and you set your own budget. Also, you only pay when someone clicks on your ad.

How do I avail my ₹2,000 advertising credit?

- ✓ Call us toll-free on **1800-108-6789** (from Mon-Sat between 9am-6pm). Our Adwords experts will provide you with free help to create your first campaign.
- ✓ Go to **google.co.in/startadwords** and start your first campaign. Redeem your coupon by entering the promotional code in the billing tab of your Google AdWords account.
