

**Sweta
visits India**

Mr. Dutt's daughter-in-law, Sweta, wants to expand her Graphic Design company's operations in India. Since most of her work is done using the internet, Mr. Dutt advises her to use the Digisol DG- BG4100N router, which does more than merely creating a Wi-Fi network. The Digisol DG- BG4100N router, set up simply through her office landline telephone, can also help Sweta to extend her existing wireless network.

RANGER SERIES 150Mbps Wireless ADSL 2/2+ Broadband Router DG- BG4100N
