Snapdragon 8 Gen 2 phones with highest Antutu scores

Qualcomm released Snapdragon 8 Gen 2 in late 2022 and ever since then a bunch of phones have launched with this chipset. We have reviewed all the Snapdragon 8 Gen 2 phones available in India and here we have shared their respective Antutu benchmark scores. But first, here's what the Snapdragon processor brings to these phones. It is made on TSMC's 4nm process and it houses 1x Cortex-X3 clocked at @ 3.19GHz, paired with 2x ARM Cortex A715 running @ 2.8GHz, 2x Cortex A710 @ 2.0GHz, and 3x Cortex A510 @ 2.0GHz. You also get an 8MP L3 cache. There is a new Adreno GPU with Snapdragon Elite Gaming support.

1. Samsung Galaxy S23 Ultra

Samsung Galaxy S23 Ultra's Antutu score is 1204573. Along with Snapdragon 8 Gen 2 chip, it brings up to 512GB UFS 4.0 storage and 12GB LPDDR5x RAM. You get Android 13-based One UI software on top of this. A 5000mAh battery keeps the phone running backed by 45W fast charging.

2. OnePlus 11

OnePlus 11 has got a 1050396 score on the Antutu benchmark, thanks to a

Snapdragon 8 Gen 2 chip, up to 16GB LPDDR5x RAM and 512GB UFS 4.0 storage. Inside, there is also space for a 5000mAh battery with a 100W fast charging feature. The software given is Oxygen OS 13 based on Android 13.

3. iQOO 11

iQOO 11 is yet another Snapdragon 8 Gen 2 release this year that has scored 1272241 on the Antutu test. You also get up to 16GB LPDDR5x RAM and 256GB UFS 4.0 storage. The phone is kept alive by a 5000mAh battery with a 120W rapid charging facility.

4. Xiaomi 13 Pro

Xiaomi 13 Pro is yet to launch in India. However, since the phone has already launched in China, we can derive its specs from that model. The Snapdragon 8 Gen 2 inside it is coupled with up to 12GB LPDDR5x RAM, 512GB storage, and juice from a 4820mAh battery. You get high-speed 120W charging support also. The 13 Pro ships with MIUI 14 based on Android 13. This model has reportedly got a 1,255,000 score on Antutu V9. Let's see if the brand releases the same phone in India and global markets. We will be updating you all with the Antutu scores once we run it on the device. The same applies to other Snapdragon 8 Gen 2 smartphones slated to launch later this year.
