Prepare to dive into the technical side of gaming with Kaustav and obtain a better understanding of the art and science of game production.

Last Event Details

Some key events conducted so far:

- **Gamers Arcade:** Also affectionately known as Skoar Gaming Day, entailed bringing a large number of peripherals from renowned brands and arranging them in an arcade-style setting for everyone to enjoy.
- **Gaming Marathon:** G.A.M.E.R.S organised a fun event called Gaming Marathon, which was open to both gamers and non-gamers. Popular titles like as Among Us, Chess, and Ludo were featured during the event, making it accessible and fun for everybody. While immersed in the world of gaming, participants were able to connect with other players and create new acquaintances. The gaming marathon was a big success, demonstrating the club's dedication to building an inclusive community that values gaming and esports.
- **Gear Up 2.0:** On November 11th, G.A.M.E.R.S NU organised an inter-batch gaming tournament called "GEAR UP 2.0" in front of a big audience. The tournament included dramatic Valorant and CODM bouts, with competitors from various batches competing against each other for the ultimate triumph.

Team Profile

SMEXY:

Smakshi Shaurya Pati is a talented and dedicated mem-

ber of our gaming society who plays an important part in keeping the club running properly. Smakshi has been essential in developing entertaining and educational content for the club's social media platforms due to her enthusiasm for gaming and exceptional writing skills. Her attention to detail and ability to tell interesting stories has helped to recruit new members and keep existing ones interested. Her upbeat attitude and desire to assist wherever required have made her an incredible asset to the group, and she genuinely holds the club together.

RACKET:

Srchet Rai, as design lead, is in charge of directing the production of compelling and immersive visual material that embodies the spirit of our gaming community. Srchet's mastery of Blender, Premiere Pro, Photoshop, and Illustrator helps them to make gorgeous posters, banners, and social media posts. He is continuously looking for new methods to bring our ideas to life. His willingness to communicate and incorporate comments from other members of our society has resulted in some of our most successful and visually spectacular projects to date. We are delighted to have Srchet on our team and look forward to seeing what fantastic visual masterpieces he will create for us in the future.

JAGGERY:

Introducing Jagdeesh Chandra, the unsung hero that keeps our gaming society functioning smoothly behind the scenes. With his extensive technical knowledge and troubleshooting skills, Jagdeesh is able to diagnose and resolve issues with lightning-fast speed. Whether it's a software glitch, hardware malfunction, or network issue, Jagdeesh is always on hand to provide a solution and get our gaming sessions back up and running in no time. His hard work and efforts have been instrumental in our society's success and have earned them the respect and admiration of not only our members, but also the university.

JOE MAMA:

Joyee Hriday, as marketing lead, is in charge of promoting our society's events, projects, and brand to a larger audience. Her marketing strategy has assisted us in attracting new members, increasing our brand recognition, and establishing ourselves as the region's top gaming organisation. Joyee is a natural mingler and a good communicator, and she encourages and drives our staff to do their best job. We are optimistic that our society will continue to survive and develop with Joyee at the helm of our marketing efforts. ■
