

Meta's Horizon Worlds not just for VR

Meta has announced that it is expanding Horizon Worlds beyond virtual reality. The 3D social platform has previously been exclusive to Quest headsets, but now Meta has announced that it is rolling out Horizon Worlds on mobile and the web in an early access phase. "We've started rolling out our first Meta Horizon world to mobile and web in early access, with more experiences to come. <https://bit.ly/3LSTads>

Xbox leaks from Microsoft vs FTC court battle

Microsoft and FTC are going against each other and the court case has leaked some really important information regarding Microsoft's future plans for Xbox. The FTC documents revealed that there are three Xbox devices that are scheduled to be released in 2024. The three devices are the Xbox Series X mid-gen refresh, the Xbox Series S mid-gen refresh, and a universal Xbox controller. <https://bit.ly/3ZMhfll>

Meta is shutting down three VR games without any explanation

Meta has announced that it is shutting down three virtual reality (VR) games– Dead and Buried, Dead and Buried II, and Bogo– in the March of next year, without providing any explanation. For those who are unaware, Dead and Buried, Dead and Buried II are VR shooter games and Bogo is a VR pet simulator available on Meta's VR gaming platform. <https://bit.ly/404qXXb>

Xbox Game Pass Core to feature 36 games at the time of launch

Xbox Live Gold's replacement 'Xbox Game Pass Core' is all set to launch this week. When Microsoft first announced the Xbox Game Pass Core, it shared that this membership would come with more than 25 games from the Xbox Game Pass library.

Now, the tech giant has revealed that there will be 36 games available to play on Xbox Series X|S and Xbox One at launch. The games include Among Us, Fallout 4, Hellblade: Senua's Sacrifice, Vampire Survivors, and more. <https://bit.ly/3Fcs8da>

Latest GTA VI leak suggests 2024 release window

As GTA 5 recently turned 10 years old, the wait for Grand Theft Auto VI (also known as GTA VI or GTA 6) has reached its peak. Fans have been eagerly waiting for any sort of news about the much-awaited new entry in the Grand Theft Auto series. A new leak has revealed that GTA VI is expected to release in 2024, backing up the old rumour that the game will likely launch in October next year. The information was revealed on X (formerly Twitter) by @DramaAlert who shared a leaked Xbox/Microsoft document. <https://bit.ly/3F8glqW>

GTA V turns 10 years old

Action-adventure game Grand Theft Auto V (GTA 5 or GTA V) has officially turned 10 years old, Rockstar Games announced on X (formerly known as Twitter). The company also thanked players for their support over the years. On September 17, 2023, Rockstar Games posted on X, "Today, on the official 10th Anniversary of Grand Theft Auto V, we would like to thank you, our players, for your incredible support over the years."
