OnePlus launches their Nord 4, Pad 2, Nord Buds 3 Pro, and Watch 2R

OnePlus has rebooted its popular Nord series with the launch of the OnePlus Nord 4 at the Summer Launch Event in Milan on July 16. This new smartphone, available globally and in India, features a standout unibody all-metal design. The phone is powered by the Snapdragon 7+ Gen 3 SoC, and has many impressive AI features including AI Audio Summary, AI Note Summary, AI Magic Eraser, and more. The OnePlus Nord 4 succeeds the popular Nord 3, and comes with upgrades such as an all-aluminium body, IP65 rating, a newer processor, a larger battery and faster charging. The OnePlus Pad 2 is the

global version of the OnePlus Pad Pro, recently launched in China. It features the latest Snapdragon 8 Gen 3 chipset, a large 12.1-inch 3K display, and a 9,510 mAh battery. Next, the OnePlus Watch 2R is a variant of the original OnePlus Watch 2, boasting premium features such as 100 hours of battery life in Smart Mode, the Snapdragon W5 chipset, and high-precision dual-frequency GPS. Finally, the OnePlus Nord Buds 3 Pro are truly wireless earphones packed with features, including large 12.4 mm drivers and 49 dB Active Noise Cancellation.

Xiaomi launches 4 new products, including the Redmi 13 5G

Celebrating their 10-year anniversary in India, Xiaomi launched four new products to their lineup in India. These

products include the Redmi 13 5G, Redmi Buds 5C, Xiaomi Powerbank and Powerbank 4i, and Robot Vacuum Cleaner X10. The Redmi 13 5G comes as an addition to the brand's budget range of smartphones, with a host of

new features powered by the Qualcomm Snapdragon 4 Gen 2 AE processor. The phone packs a 6.79-inch FHD+ display, with 120Hz adaptive refresh rate. The display is protected by Corning Gorilla Glass. We also have a 108MP camera paired with a macro lens. Powering the phone is a 5030mAh battery, which is capable of 33W fast charging. The Redmi Buds 5C slot in between the Redmi Buds 5 and the Redmi Buds 5a. Priced at Rs 1,999, these earbuds offer up to 40dB Hybrid ANC, 36 hours of playback time, 12.4mm Titanium Drivers, customisable EQ with 5 presets baked into the Xiaomi Earbuds app, Google Fast Pair, IP54 dust and splash resistance, and with quick charge, you can get up to 2 hours of playback with 10 minutes of charge. The brand has also introduced the Xiaomi Robot Vacuum Cleaner X10. As for the power banks, the brand

introduced two new power banks. These products include – Xiaomi Pocket Power Bank and Xiaomi Power Bank 4i. Both these power banks have a 10,000mAh capacity and offer a solid feature set. <https://bit.ly/Xi10Yr>

Samsung unveils the Galaxy Z Flip 6, Galaxy Z Fold 6, Galaxy Watch Ultra, Galaxy Ring and Galaxy Buds 3 Pro

Samsung has finally launched its next-gen foldable smartphones. The Samsung Galaxy Z Flip 6 and Galaxy Z Fold 6 are here, packed with the Snapdragon 8 Gen 3 processor and AI. Just like the last Unpacked event of the Galaxy S24 series, Samsung has again significantly focused on AI. With the Galaxy Watch Ultra, Samsung claims that it is the most powerful smartwatch in its portfolio. You get a 47mm dial with a titanium frame and up to 10 ATM water resistance. Samsung's Galaxy Ring isn't just another smart device; it's designed to be your personal wellness companion, seamlessly integrating advanced health tracking capabilities with sleek, wearable technology. Coming to the Galaxy Buds 3 Pro now. This time you are getting a new design and as per Samsung, a comfortable fit too.

Samsung also unveiled Galaxy Watch 7 and Galaxy Buds 3. The Galaxy Watch 7 packs a 3nm processor which offers an enhanced performance.
