Samsung Galaxy Ring launched in India at ₹38,999

Samsung has officially launched its much-anticipated Galaxy Ring in India, marking a significant addition to its lineup of wearables. The Galaxy Ring

is designed to deliver personalised insights and tailored health experiences, helping users manage their well-being more effectively. This new wearable goes beyond basic health monitoring. With advanced sensors, the Galaxy Ring provides valuable guidance for healthier living, according to Samsung. It's built for 24/7 health tracking, making it an essential companion for everyday wellness. The Samsung Galaxy Ring starts at Rs 38,999 and will be available for purchase on Samsung.com, select retail stores, Amazon.in, and Flipkart.com. <https://bit.ly/3YBdjvl>

Tecno Phantom V Fold 2 5G India launch teased

Last year, Tecno launched its first foldable in India- the Tecno Phantom V Fold 5G. The company has now announced that the foldable is now sold out on Amazon. It shared the news via an X (formerly Twitter) post. Along with that, in the same announcement, the company also hinted at the fact that the successor to the Tecno Phantom V Fold 5G might be coming soon. <https://bit.ly/3BZH5RA>

Samsung Galaxy Z Fold Special Edition with Galaxy AI unveiled

Samsung is back with another exciting release. After many leaks and rumours, the company has officially unveiled the Samsung Galaxy Z Fold Special Edition. This special edition foldable combines innovative hardware with a sleek and lightweight design, offering a premium experience for users looking for portability without compromising on performance, according to Samsung.

The Galaxy Z Fold Special Edition boasts an 8.0-inch main screen with a 20:18 ratio, offering the widest display in the Z Fold series. When folded, users can take advantage of the 6.5-inch cover screen with a 21:9 ratio. <https://bit.ly/4fegvm2>

OnePlus 13R set to launch soon

We have seen tons of rumours and leaks about the OnePlus 13, revealing its key specifications including the design, display, processor, upgrades, and so much more. A tipster has now revealed key specifications of the R variant of the OnePlus 13 series. It's Digital Chat Station, who revealed that OnePlus is working on a new OnePlus Ace device, which is exclusive to China. However, the Ace series phones come to India as R models. <https://bit.ly/4feN0k4>
