

are used superbly to help kids learn about thousands of different objects. The game gets them to use the little things to piece together visual puzzles and complete goals. The artwork is beautifully done and is complimented well by its fun musical tracks.

Snail Bob

Price: ₹ 60

OS: iOS

Snail Bob is a game designed for younger children to learn physics based strategy. The game has a slower pace for easy playing and is centred around the Snail character. The goal is to guide the snail to the exit as quickly as possible. The app is beautifully visualised with cute characters and music.

Toca Boca Kitchen 2

Price: ₹ 190

OS: iOS

The sequel to the ever popular Toca Boca Kitchen is a quirky and fun game for kids. It allows kids to mix and mash their own food concoctions in a virtual world and see how it tastes. Children can cut up items, fry them or bake them and blend together odd combinations to feed their virtual Kitchen friends. The reactions of different tastes makes the game very entertaining and engaging for young kids. For Indian parents there is even an option to enable a “Vegetarian Mode” to keep things culturally accurate.

Toca Boca Hair Salon 2

Price: ₹ 190

OS: iOS

Another game from Toca Boca, kids have the freedom to design and play around with their virtual characters hair style. The visually rich depictions keep kids and adults equally amused and really fire up the imagination.

Sago Mini Road Trip

Price: ₹ 190

OS: iOS
