

to add multiple titles, edit out unwanted clips with frame accuracy and create interactive menus. The program automatically compresses audio tracks into 5.1 surround audio stream to provide a great sound experience. It also enables you to shrink your DVD project to either fit single or dual layer discs and burn the media content directly to the DVD or ISO file. The product is priced at \$49 (Rs. 3,148).

- ◆ **Pinnacle Studio (pinnaclesys.com):** is an advanced DVD authoring program available in three different editions: Basic edition, Plus edition and Ultimate edition. The software offers support for 64-bit operating systems. It includes 17 royalty-free music tracks (which you can play in the background), 1,500 effects, transitions and templates, in addition to the ability to edit

Create full-featured movies with CyberLink PowerDirector

videos with six track frame accuracy. The package also includes 'Pinnacle MyDVDm', which enables you to burn the created movie directly from within the dashboard. The Plus edition includes features such as live screen capture, 3D import and export.

The Ultimate edition includes advanced features such as Blu-Ray support, iZotope Music and Speech Cleaner. The Basic edition of the product is priced at \$59.95 (Rs.3,850).

- ◆ **Roxio Toast:** If you're an avid Mac OS user, you can try 'Roxio Toast 12' (roxio.com), which enables you to create both, standard DVDs and Blu-ray discs. You can use videos generated from the web, digital cameras and camcorders. The Pro edition includes features such as FaceFilter3, HDR Express 3, FotoMagico 3, SmartSound Sonicfire and a speech cleaner tool for enhancing the quality of the audio.
- ◆ **DVD Album Creator:** With the help of 'DVD Album Creator', you can create slideshows of images and photos. It enables you to add a wide range of transition effects and audio. The tool lets you divide photos into chapters and offers support for eight sets of subtitles. It also uses the EXIF data of your photos in subtitles. A trial version of the program is available at Softonic. However, you need to pay to unlock features.
