

CHAPTERS

MAKER TECHNOLOGY
JANUARY 2016

06

PAGE

Behold! The maker movement

This counterculture is characterised by those who like to get their hands dirty, use digital manufacturing tools and share knowledge with a community of likeminded peers around the world. Are you ready for the new industrial revolution?

18

PAGE

Being a maker

DIY Genius or an Entrepreneur with the right tools – what does it really mean to be a maker?

28

PAGE

Hardware to make

To join the maker movement, you'll need some essential tools of the trade.

50

PAGE

Software to make

Armed with the right software, you can move mountains. We tell you which software to use to your advantage when making something new.
