

People trying the Boursin Sensorium commercial and how it looks inside the commercial.

Miscellaneous Industries

Knowingly or unknowingly, we have entrapped ourselves in this web called socializing. VR, of course, boosts it up a notch.

♦ Dating from bed

Forget all the running around and mind crunching over what to wear, how to look, and what makeup to use while getting ready for a date. Just pick up the most popular look to go with. This makes us think of the day when virtual sex won't be just showcased inside movies like 'Demolition Man'.
