

CHAPTERS

DISPLAY TECHNOLOGY MARCH 2016

06

PAGE

A brief history

From the humble CRTs to the complex VR headsets – a history lesson.

14

PAGE

Inside your display panel

Ever wondered what makes your display tick?

22

PAGE

In-depth: TN displays

The advent of LCD Displays

27

PAGE

In-detail: VA displays

Bringing the best of both worlds, VA panels were made to compensate for the drawbacks of TN and IPS panels

33

PAGE

In-depth: IPS displays

Having an IPS panel may not make you a world class twitch streamer or an FPS pro-gamer but it surely will make you appreciate rich colours than ever before.

40

PAGE

In-depth: E Ink

The human obsession with digitizing everything from mail to social lives did endless good to one of the most ancient human inventions – Paper
