

SMM ON FACEBOOK

As a social media manager, what you do on Facebook matters. Lay out your plans for social success carefully.

The past decade has seen a huge rise in the number of people taking to social media to not only voice their (mostly irrelevant) opinions on politics and sports and movies and law but also to market their ideas and products on this extremely versatile social media platform. Why do I call it versatile? Well, for starters, no other media management tool offers you the option to regulate the visibility of your content amongst different target audiences. By cherry picking the kinds of people you want to see your content, Facebook offers the kind of streamlined targeting that no other platform today can offer. And that's just the tip of the proverbial iceberg. Diagnostics and tracking of data becomes extremely simple on Facebook, because Facebook does it for you without the need for a third party application. Right from page views to reactions to the total number of people who have viewed the post, Facebook provides the content owner the options to continually experiment with where, how and to whom the content is to be marketed. In this article, we demystify the unexpectedly diverse world of managing social media on Facebook and give you an overview of how to build up the next Kardashian Empire (if you're
