

and agreements. Go through it and “Submit”. It would be advisable to get yourself a lawyer when going through all the legal agreements, terms, and conditions.

Once you’re done you need to repeat the same process for the iAd contract.

Once you’re done with that you’re going to need input your contact information. Click on the first “Set Up” button under “Contact Info” and then click on “Add New Contact”. Now you add yourself as a new contact and fill in the form. Click “Save” once you’re done. You’ll notice that are multiple contacts. If you registered yourself as an individual you can set all the contacts as yourself. Once you change every drop-down menu you can go ahead and click on “Done”.

Now under the second “Set Up” button you’ll have “Bank Info.” If this is your first time, you’ll need to “Add Bank Account”. You’ll have to select your bank country and later the bank’s branch. Once done click “Next”. Go through your information again and double check, then proceed.

Now you’ll need to enter your account number. Fill out your account details and then continue. Once you’ve confirmed your information is correct go ahead and “Save”.

After you’re finished adding your new account, you now select it and continue.
