

now. Then we'll move onto understanding where the industry is headed. Will consoles truly die? Will they converge into the PC market? And lastly, we'll give you our own take on the ever running PC vs console debate. Perhaps, you've already known of most of the arguments each side has to give, or perhaps, you'll learn something new. Either ways, do let us know your thoughts about this FastTrack via email to editor@digit.in and if you want to game, we're reachable via editor@skoar.in
