Apple Watch Hermes

Apple Watch Hermes Series 2 (http://dgit.in/app_watch_hermes) is a result of a collaboration between Apple and Hermes. The handcrafted leather bands coupled with Apple watch faces provide a unique premium look and feel. The Hermes variant is available in both double and single tour variants. The Double tour model is available in Fauve Barenia, Etoupe Swift, Rose Jaipur Epsom, and Bleu Zephyr Epsom leather variants with a 38mm case manufactured out of stainless steel at \$489.

If you would like to buy the classic Hermes design, you need to buy single tour option available in Fauve Barenia, Etoupe Swift, Feu Epsom, Lime Epsom, and Colvert Swift leather models with 38mm and 42mm stainless steel cases. Interestingly, both cases are available for \$339. However, you can buy 38mm case only for Fauve and Etoupe models. You can also buy bands in separate colors as an optional accessory. The main difference between Nike + and Hermes models is with the look and feel of the case and band. The Double Buckle Cuff model is available in 39mm in Fauve Barenia and Etoupe Swift leather options at \$689.

Apple Watch Hermes is also available in stainless steel case coupled with Fauve Barenia, Feu Epsom, and Etoupe Swift Leather variants in both
