

more. Even if you are making enough and don't want more, you can aim to make the same amount of money by putting less time into it. The only foolproof way to charge more is to get better. Only you can choose (how and when) to grow, so we'll end this chapter by sprinkling some seeds of possible directions for growth.

- Lean writing - No word remains purposeless.
- Subtle Style - Grammar is a given, so only style separates.
- State-of-the-art sources - New information becomes repeated information.
