

Whip out your smartphone, make a snazzy video and make money. Eventually.

- 7) You are legally obliged to tell your viewers which content is being monetized - Check YouTube's guidelines for paid promotions and branded content
- 8) Stay honest with your audience - Don't simply make a video for the heck of it. You have established a connection with your audience and they are going to know if you are faking it. And they will not appreciate it.
- 9) Focus on keeping your playlists 'keyword rich' - This will help you get more views through the medium of SEO.
- 10) Write longer descriptions for your video - The more YouTube knows about your video, the more accurately it can place your content in search engines and associate it with relevant keyword searches. **d**
