

# Paperwork: Banking

Starting a new business requires opening several bank accounts for different purposes.

With fast paced globalisation, we are all aware of the importance the banking system holds. Even the present Indian Government is giving it a push by encouraging the use of plastic money, digital wallet and Internet banking. In fact even during demonetisation, banking channels had the biggest role to play. If we think carefully, first “Jan Dhan Yojna” was launched with a motto of banking account for all and it was followed by demonetisation. Step by step processes were implemented to bring entire population under banking channels.
