

The best time to shop

There are times every year when buyers sync their watches, mark their calendars and run their eyes from shop to shop looking for the best deals. Why tire yourself when you can have a schedule for the great Indian market sales?

The phrase – “It’s that time of the year again” means many things for many people. For prospective buyers in the country, it’s a battle cry that onsets the period when online retailers in India have kicked off the first leg of their annual festive season sales.
