

Make sure you maintain your Snapstreaks, friendships have been broken over those!

3. **Memories:** In case you don't want your snaps to disappear, store them to send later.
4. **Snapstore:** This is a store where you can easily buy Snapchat-related items.
5. **Shazam:** This is a feature through which you can easily identify a song. So whenever you are listening to some song and want to know its name, so that you can share it with your friends as well, you can turn to Shazam. d
