Some more resources to help you with social media marketing.

Picking the right platform:

Young folks are on Instagram & SnapChat

“The answer to why millennials are dropping Facebook for Snapchat and Instagram can be summed up in three words: narcissism and instant gratification,” observes Carole Lieberman M.D., a physician known as America’s media psychiatrist, and an author of many medical works providing insight into America’s psyche. “Although you can post photos and videos on FB, Snapchat and Instagram are more suited for pictorial expressions without the need for words.”- Website Builder Expert
