

LinkedIn

Building a company page.

“A LinkedIn Page acts as the voice of your organization on LinkedIn. It helps members learn more about your business or school, brand, products and services, and job opportunities. To interact with members on LinkedIn as an organization, you must have a LinkedIn Page.” - LinkedIn

LinkedIn is an important platform for people who are business oriented. This platform does some exceptional work in that regard. This article explains the first step to get there: creating a company profile.

Organic marketing in LinkedIn Groups.

“Marketing on LinkedIn helps you engage a community of professionals to drive actions that are relevant to your business.” - LinkedIn

Tik Tok

Why should you pick TikTok - Audience profile

“The TikTok app allows users to create 15 second videos, soundtracked by music clips. Sounds simple enough, but it’s a wildly popular concept. The app was the most downloaded free iOS app over the first half of 2018. As of late September 2018, TikTok also became the most-downloaded free app on the Apple App Store in the US, and also ranked first on Google Play over October.” - Business of Apps

Tik Tok has become one of the most popular platforms on the internet. Why? Read this article to know more.

Ethics of the platform

“Social media intermediaries and the internet and mobile association Tuesday told the Election Commission that they would come up with a draft ‘code of ethics’ for the industry in the next 24 hours as part of a mechanism to prevent abuse of social media platforms during the Lok Sabha elections beginning April 11.” - Huff Post
