

This is actually a podcast that revolves around the etiquette of using WhatsApp. Lately, it has been subject to tremendous misuse by users. This podcast sheds light upon such incidents and how they go against the ethical policies of WhatsApp.

This brings us to the end of this social media marketing FT. We hope we brought some clarity to you to understand better what the ideal social media platform for your content, business or personal, is. Write back to us at editor@digit.in to let us know about your social media marketing experience.
