

Flutter UI Framework

```

•     length: _tabs.length,
•     initialIndex: 1,
•     child: Scaffold(
•       // top app bar
•       appBar: AppBar(
•         title: Text('WhatsApp'),
•         actions: <Widget>[
•           IconButton(icon: Icon(Icons.search),
onPressed: () {}),
•           IconButton(icon: Icon(Icons.more_vert),
onPressed: () {}),
•         ],
•       bottom: TabBar(tabs: _tabs),
•     ),
•
•     // body (tab views)
•     body: TabBarView(
•       children: <Widget>[
•         Text('camera'),
•         ChatList(),
•         Text('status'),
•         Text('calls'),
•       ],
•     // below are the closing tags

```
