Creative Destruction

Creative Destruction by NetEase Games is a one-of-a-kind First-Person/ Third-Person Shooter, sandbox survival game that tests your skills of building and destroying. Players get to experience beautiful virtual resorts, inventive weaponry, and assorted gameplay.

In this exhilarating game, players are thrown into a large battlefield of 16,000,000 square meters with 13 enchanted spots. This battlefield is indeed your virtual neverland with different weather and time zones. Players are equipped with a secret weapon called the Destructor that enables them to transform anything into building blocks.

Pick your weapons and battle it out with 14-level-A weapons which include shotguns, pistols, submachine guns, sniper rifles and two special weapons- the Flame Thrower and Bowling Bomb.

Every element in this game can be dismantled and rebuilt. The interface is beautifully developed that brings together various functions like Season, Friend, Look, Supply, Gallery, and Chat.

Garena Free Fire

Garena Free Fire is a classic Battle Royale game developed by 111 dots Studio. The 10-minute gameplay centres around the players being stranded away on a remote island where they have to compete against 49 other surviving players. The players get to select their vantage point and
