

You can also combat against these Metal Warriors in Tournament Mode or join a league to play online against a global opponent.

Bully: Anniversary Edition

One of the most popular games in the Rockstar series, Bully: Anniversary Edition has a humorous and exciting plot, for both Android and IOS users. It involves a fifteen-year-old Jimmy Hopkins who finds himself in the worst school in the world. Bullworth Academy is filled with bullies, hooligans, corrupt social hierarchy which combines to create a fascinating plot for the gamer.

Couple this with intense high-resolution displays and enhanced graphics, and you get a perfect game to battle out all the injustice one can possibly face in school.

Fight them all!

The game is enhanced with Immersion TouchSense Tactile Effects and intelligent touch controls with contextual buttons that emerge only when you require them which adds up for a convenient and comfortable gameplay.

Fighting back bullies, winning over the high school sweetheart, enforcing your own rules, playing cruel pranks in the classroom using chemical rea-
