

talgia. The challenges included in the game have already won millions of hearts around the world, with users reportedly finding themselves hooked on to the game for hours at a stretch!

The game has seen several bug fixes and improvements recently and if you haven't tried it out yet, now is the chance to go for it!

Shadow Fight 3

This game is a successor of Shadow Fight 2 with the inclusion of complete and colorful 3D graphics, presence of factions, the stage-by-stage setting of the hero, and online battles.

In this game, you create your own hero, customise his appearance in detail, and guide him to defeat all your enemies by equipping him with several armors and weapons such as swords, spears, batons, shields and

A realistic fighting experience for all ages!

helmets. The life-like 3D figures in a richly animated environment offer an amazing skill-based gameplay that is rivalled only by few others.

You can choose from three different fighting styles, learn some fresh new moves, collect and combine perks and weapon gear, and explore a massive world of adventures! The fighting scenes are vivid and exciting, and the addition of colorful graphics and smooth animations paint a picture of a living and breathing world that is mesmerizing.

SF 3 is a story-driven, RPG fighting game where you are part of a dangerous world on the onset of the great war. Three powerful factions are
