

ters - including the likes of Kyo Kusanagi, Iori Yagami, Mai Shiranui, Ash Crimson and Best Character Leona Heidern – will get a chance to combine their skills and abilities and perform stunning combos and special moves. They will, therefore, prepare themselves in the process, to face the series antagonist, Rugal Bernstein, in an ultimate showdown.

You can take on players around the world in real-time matches to determine who is the true King of Fighters, across modes like Arena, League Match, and Tournament.

The game has been performing well in Japan and millions around the world await its launch on October 22, 2019, with pre registrations already open on the game's official website.

LEGO Brawls

A collaboration of the world-renowned brand, LEGO with RED has produced the brick-based multiplayer mayhem in the LEGO universe, called LEGO Brawls.

The game is a 4v4 multiplayer that lets players customise their own characters. Since the game is released on Apple Arcade, it offers a distinct

True entertainment with LEGO minifigs!

advantage of per screen per player, thereby preventing zoom outs. You can play this user-friendly brawler game on multiple screens and jump right into the brawl anytime, anywhere.

LEGO brawls also you to create your own characters from LEGO minifigs, collaborate with teammates to build and control machines, and battle to win.

You can build a series of power ups made out of bricks and play your way through iconic LEGO levels with familiar and new characters that are
