

This app entertains all, but when someone goes for an original basic video, then that is also loved and shown appreciation. It is quite candid out there on TikTok. Words of praise, encouraging comments mostly float around, and it does not get coarse and vulgar, so you are safe.

Who knows, you may even find your soulmate on TikTok, going by the statistics of how many friends you are making on TikTok, the king of all social media platforms, you might as well fall in love with the app!
