Getting started

Let's get started with MySQL by learning the absolute basics at first.

12
PAGE

Playing with tables

Who doesn't like storing and retrieving database information in a tabular, organised format!

18
PAGE

CRUD Part - 1

We study the most-used commands, operators and functions of MySQL with their syntax and examples.

45
PAGE

CRUD Part - 2

Optimisation is important when choosing a production database. We explore some common MySQL clauses.
