

aim to lower the traffic hassles at toll plazas and boost digital India. This will also help the government in tracking and managing the ownership of the vehicle.

Similarly, all the banks, Paytm and Amazon India have dedicated numbers for checking FastTag balance details. For instance, to gain more information about using FastTags from ICICI bank, there is a toll-free number 1800 2100 104 for users. You can get a call from an executive by sending SMS to 5676766 with Pincode and name of the user in the form of:

SMS ITOLL(Space)Pincode(Space)Name

Example ITOLL 121006 Kritesh Kumar.

You can also visit the ICICI bank website and know more details.

Banks offer several discounts, cashback, and offers for consumers to use FastTags with more benefits in paying toll through their accounts.

In case the user sells the vehicle or car, they need to remove the personal details from the mobile application and convey the same to the buyer to add them to maintain a smooth ride across toll plazas. Users also have the opportunity to report for incorrect deductions for example Axis Bank the number is 1800 419 8585.

Similarly, this facility can also be availed to check whether the FastTag is active or not. And in the circumstance when you have lost the RFID tag or the vehicle is lost then you need to connect with customer care to help you further proceed.
